COACH'S CORNER

JASON SMITH
NBL1 WOMEN'S HEAD COACH

Welcome to our 16th game of the 2023 season. Tonight we host the 2022 NBL1 West reigning champions Warwick Senators. The Senators are currently sitting in 7th position on the ladder and come in with a very talented roster with players of the caliber of Barr (dual League MVP), Burton, Clinch Hoycard, Forster, Murphy & the evergreen Jorre de st Jorre as they continue to gain momentum towards the pointy end of the season.

Last weekend, the girls played their second double header of the season. On Friday night at home they played a solid game against the second placed Wolves and then on Saturday night down in Bibra Lake they played arguably their best game of the season against the Lightning.

The girls took it right up to the Lightning and were leading at $\frac{3}{4}$ time. Unfortunately we were not able to seal the win, eventually going down by 7 points.

Though the girls were disappointed in not getting the win, they are keeping their heads up, continuing to practice hard, work on their games and bringing the effort & intensity required to improve.

Thanks for all your continued support.

Let's Go REDBACKS.

COACH'S CORNER

Hello Redbacks

It's always heartbreaking when you lose a game when you have the last shot to either win it or extend it to overtime and that happened twice last weekend. The silver lining is that we put ourselves in a position where destiny was in our hands, unfortunately we couldn't get the job done but we'll learn from the experience.

CHARLES NIX
NBL1 MEN'S HEAD COACH

Sport has a funny way of evening things out and I feel that was the case on the weekend. We've recently been on the winning side of the ledger in games where the opposition could feel like they were unlucky not to get the result, when we haven't executed well and still got the job done. If you can't compete for 40 minutes at a consistent level, in this league you'll get punished. We've played in patches and that has to change if we want to get everything we can out of the year.

Tonight we welcome the Senators who are similar to us, supremely talented but had players in and out for different reasons all year. Recently they have found form and would be one of the better teams in the league, last time we met they controlled the game from the tip so we know we are up against it.

We'll continue to work and do all we can to make sure we are the best version of ourselves leading up to the post season.

Cheers
Nixy
