Hi Redbacks,

Welcome back to the Oasis for another round of quality basketball. I know the players were really appreciative of the support in our home opener & everyone is excited for more of the same in our second run at home.

We were obviously disappointed at the result last week. The ladies have been hard at work in training addressing our areas of focus as we drive for improvement each week & are firmly focused on getting some early wins on the board. We're continuing to hone in on our style of play & are confident it will deliver results as well as an entertaining brand of basketball. I'd also like to take this opportunity to thank Mez from Zenith Athlete. Mez was in charge of the program's S&C component this off-season & the results have been evident. He's been such a welcome addition to the team.

Tonight we encounter a Eagles team that are also desperate for a win. Craig Allen has been hard at work building the program up & this is evident with a large number of Eagles juniors on their roster. They have some weapons that we will certainly have to contain to come out on the right side of the score board. Its also fantastic to see Mary Goulding back in the league & on a basketball court. She was in bad shape after a terrible car accident barely 12 months ago, so to see her back on the court & in good health, is nothing short of incredible & truly inspiring.

We also welcome Anneli Maley who makes her debut for the Perth Redbacks. Anneli is no stranger to most WA fans at this point being the current captain for the Perth Lynx. After a successful 3x3 Asia Cup campaign & some well deserved down time, there is no doubt she is ready to get back into the swing of things.

Bring the energy Redback fans! You are our 6th player on the floor!

Timmy

Hello Redbacks

Thank you to everyone that came out for the first home game last week against the Magic. It was not the result we were chasing but we definitely showed some growth and feel it was a significant step in the right direction.

The league is the best I've seen it, with every team a chance to take a victory on any given night. To come out on top you can't afford to give teams a head start and that's what we've done the last couple of weekends, we have shown some fight in the second half but the chase has been too much. Our focus this weekend is to get a great start and make sure we execute for as much of the 40 minutes as we can.

East Perth are stacked with the likes of Sunday Dech, Taylor Young, Seb Reath and David Okwera. We know we'll need to execute our scout and force them to play with great ball movement if we are going to be successful. We always knew it was going to take some time to build chemistry with the amount of new players we've had come into the program and we are confident we are taking the right steps to build towards sustainable success.

Thanks again for the support we have received so far, Belmont is a great place to play and we will continue to work hard to represent our fans with hard work and passion.

Let's Go!!  
Nixy
