

## **STATEMENT OF SUPPORT – PERTH REDBACKS PETITION FOR NEW 12-COURT STADIUM FOR PERTH**

I am writing to express my enthusiastic support for the proposed construction of a new 12-court basketball stadium in our community. As a coach who has won gold medals at both world and Paralympic championships and secured two NBL1 championships, I have witnessed firsthand the transformative power of sports facilities in nurturing talent, fostering community spirit, and promoting healthy lifestyles.

To me, basketball has always been more than just a game; it is a vehicle for personal growth, community engagement, and positive social change. The proposed stadium is an investment in not just infrastructure but also in our youth and the future of our community.

A state-of-the-art basketball stadium with 12 courts will provide ample space for training, competitions, and clinics. This will be instrumental in identifying and nurturing young talent. As someone who has coached teams to the pinnacle of success on the world stage, I understand the importance of having top-notch facilities to hone skills and build champions.

Sports bring people together. A new basketball stadium will serve as a hub for community events, encouraging local residents to come together, support local teams, and engage in healthy, active lifestyles. This will foster a sense of unity and pride within our community.

Access to quality sports facilities is essential for promoting physical and mental health. The new stadium will offer more opportunities for people of all ages to engage in regular physical activity, leading to a healthier community overall.

As a coach who has guided teams to gold medals and championships, I can attest to the impact that quality facilities and support can have on aspiring athletes. The new stadium will inspire countless young individuals, showing them that with dedication and the right resources, they, too, can achieve greatness.

I'm confident that the new 12-court basketball stadium will be a monumental asset to our community, providing a platform for athletic excellence and community development. I fully endorse this project and urge all stakeholders to support this visionary initiative.
