NIXY'S NEWS

WITH MNBL1 HEAD COACH

CHARLES NIX

Hello Redbacks for our final time for 2025.

It was a great result to head down to Mandurah and get a win on Saturday, we made it hard with it coming down to the last play, but it was great to get that game. Tonight we welcome the Buccs, who in my opinion are the best team in the league. They have continuity and have built a winning culture over a long period of time. You can't undersell the importance that chemistry plays and the time this group has had together really shows with how they play and the results they get.

We have nothing to lose so we'll leave it all out there and try and finish the season on a high. That's probably the only positive a team not heading into play offs can have, there is a chance we can finish the year with a win, for all of the teams making the finals the only option to finish on a win is to go on and win it all. It's been a battle this year with no game where we've had our entire squad available to play, which could

be the first time ever for me, but I commend the guys for continuing to show up and represent.

Before I get on to my thankyou's for the year I want to wish Tim and his women's program all the best as they move on to play finals next week. That team has been tremendous all year and have played a really exciting brand of basketball, they've navigated players in and out and continue to get wins. We are right there behind you guys and believe that you can go and get this, I can't wait to be there for game 1.

I want to take this opportunity to thank Nathan Barns, our NBL1 Director, who has been rock solid in his support for me and the team. Nath, you are a legend man and everything you have done has meant something, you leave a massive whole to fill. Thank you to Ryan Lenegan and the staff at the Redbacks for everything you guys do to allow us to focus on what we need to focus on, working in sport is hard and you guys do it with a smile and always deliver. A big thank you to the board and the wider Redbacks community for sticking with us, even though we haven't delivered to the level that we expect. This is a big boy league now, without all of you we can't compete which I am proud we have all year.

NIXY'S NEWS

To my staff, coaches and support staff, it's a big thank you. Being a coach, manager, physio etc is often thankless with hours and hours and hours of work that, to the external eye, isn't recognized. Just so you know, I see the grind, and I really appreciate the impact that you have all had on me and the program as a whole. You are important, you do matter, you make a tremendous difference.

Lastly to the partners of the players, coaches and staff. Thank you. It takes so much time to be involved at NBL1 level, as you are expected to be a professional in a semi professional environment. A lot of what we have to do is away from you, you sacrifice and we see it. Thank you for allowing us to have your person for as much time as we have them.

Now time to get on court and compete for 1 last time this year. Our captain plays 100 today so that should be motivation enough to leave it all on the line.

Cheers

Nixy
